This template is provided at actual size which for the daffodil above was approx.3 inches.

You can easily increase the size if you want to make a bigger flower.

Trace the template on to your chosen fabric and stitch as desired. I have a tutorial on my blog for stitching the lily of the valley for you to follow along.

You can find the post at www.stitchdoodles.co.uk

I love to see your finished creations so send me some pictures and let me know how you get on and I'll add them on to the StitchDoodles Facebook and Instagram pages so others can be inspired...
